

WWF Climateers Ambassador Experiential Programme

Climate Seminar

Arrangement under Adverse Weather Conditions

The Climate Seminar involves activities carried out in an indoor setting. The following guidelines detail the arrangements during adverse weather conditions.

Type of warning hoisted	Continue	Cancel ¹
Very Hot Weather Warning	✓	
Regional Strong Wind and Thunderstorm	✓	
Thunderstorm	✓	
Amber Rainstorm	✓	
Red / Black Rainstorm		✓
Strong Monsoon Signal (Black Ball)	✓	
Typhoon Signal no. 1	✓	
Typhoon Signal no. 3 or above		✓
Air Pollution Index 200 or above		✓
School suspension announced by the EDB		✓

Footnote : 1. The programme will be **cancelled** if a Typhoon Signal No. 3 or above, or Red / Black Rainstorm Signal is hoisted; or Air Pollution Index 200 or above; or school suspension announced by EDB **within three hours before** the start of the visit. We regret that no compensation will be provided if the programme is **cancelled**.

WWF Climateers Ambassador Experiential Programme

Mai Po Workshop

Arrangement under Adverse Weather Conditions

The Mai Po Workshop consists of activities conducted in the outdoor environment in the Mai Po Nature Reserve; therefore, it may not be appropriate to conduct these outdoor activities during adverse weather. The following guidelines detail the arrangements during adverse weather conditions.

Type of warning hoisted	May continue ¹	Indoor ²	Cancel ³
Very Hot Weather Warning	✓		
Regional Strong Wind and Thunderstorm	✓		
Thunderstorm		✓	
Amber Rainstorm	✓		
Red / Black Rainstorm			✓
Strong Monsoon Signal (Black Ball)		✓	
Typhoon Signal no. 1		✓	
Typhoon Signal no. 3 or above			✓
Air Pollution Index 200 or above			✓
Close school announced by the EDB			✓

- Footnote: 1. **May continue** means depending on the local weather conditions at Mai Po, the programme may be changed to **Indoor**² activities or the route will be shortened.
2. **Indoor** activities will be carried out if the group arrives at Mai Po during poor weather. The indoor activities include PowerPoint presentation and interactive environmental games about climate change. Please note that the **duration** of the indoor visit only lasts for about **one hour**.
3. The programme will be **cancelled** if a Typhoon Signal No. 3 or above, or Red / Black Rainstorm Signal is hoisted; or Air Pollution Index 200 or above; or close school announced by EDB **within three hours before** the start of the visit. We regret that no compensation will be provided if the programme is **cancelled**.

Participants may also refer to the **Guidelines on Outdoor Activities at EDB website:**
<http://www.edb.gov.hk/FileManager/EN/Content_100/e_outdoor.pdf>

*** Important note:** *As the programme involves outdoor field studies in Mai Po Nature Reserve, the actual programme rundown on the day will very much depend on the local weather conditions and the students' discipline. WWF reserves the right to alter the rundown without prior notice.*

WWF Climateers Ambassador Experiential Programme

Hoi Ha Wan Field Visit

Arrangement under Adverse Weather Conditions

The Hoi Ha Wan Field Visit consists of activities conducted in the outdoor environment in the Hoi Ha Wan Marine Park; therefore, it may not be appropriate to conduct these outdoor activities during adverse weather. The following guidelines detail the arrangements during adverse weather conditions.

Type of warning hoisted	May continue ¹	Indoor ²	Cancel ³
Very Hot Weather Warning	✓		
Regional Strong Wind and Thunderstorm	✓		
Thunderstorm		✓	
Amber Rainstorm	✓		
Red / Black Rainstorm			✓
Strong Monsoon Signal (Black Ball)		✓	
Typhoon Signal no. 1		✓	
Typhoon Signal no. 3 or above			✓
Air Pollution Index 200 or above			✓
School suspension announced by the EDB			✓

- Footnote:**
1. **May continue** means depending on the local weather conditions at Hoi Ha Wan, the programme may be changed:
 - Coral observation by Glass-bottomed Boat may be shortened or cancelled.
 2. **Indoor** activities will be carried out if the group arrives at Hoi Ha Wan during poor weather. “Indoor activities” will include
 - PowerPoint presentation,
 - Marine themed interactive activities/games.
 Please note that the duration of the indoor programme **lasts about two hours**. The coral observation by Glass-bottomed Boat may be shortened or cancelled.
 3. The education programme will be **cancelled** if a Typhoon Signal No. 3 or above; or Red / Black Rainstorm Signal is hoisted; or Air Pollution Index 200 or above; or school suspension announced by EDB **within three hours before** the start of the visit.

Participants may also refer to the **Guidelines on Outdoor Activities at EDB website:**
http://www.edb.gov.hk/FileManager/EN/Content_100/e_outdoor.pdf

*** Important note:** *Furthermore, if there is any technical / operational problem with the Glass-bottomed Boat, WWF will cancel the 1-hour boat trip for safety reasons. The other parts of the programme will continue but the whole field visit will be shortened to 2 hours.*
